# The Universal Declaration of Human Rights Is Garbage, The United States Defecates On the Parts 'Protecting' Citizens, Anyway

👤 sixie6e 📅 August 25, 2023 💎 exploitation ✎ Edit

People forced to compete for basic needs, a life of misery for the wealth machine of suits & robes(economy). People that think, feel, breathe, and suffer. Police enforce attorney mandate and attorney mandate is centered around wealth & control. Not. Human. Rights.

## Preamble:

*Whereas recognition of the inherent dignity and of the equal and inalienable rights of all members of the human family is the foundation of freedom, justice and peace in the world,*

Justice is a lucrative misnomer for State sanctioned vengeance. Peace is subjective.

*Whereas disregard and contempt for human rights have resulted in barbarous acts which have outraged the conscience of mankind, and the advent of a world in which human beings shall enjoy freedom of speech and belief and freedom from fear and want has been proclaimed as the highest aspiration of the common people,*

It *has* been proclaimed as the highest aspiration...as they label them "common people", A Priori subtly instituting class warfare and the resource competition mentality. The barbarous acts which have outraged the conscience of mankind have been committed behind religion, nationalism, resource competition, and submission to abusive authority. You can think whatever you want in the United States, as long as you physically comply.

*Whereas it is essential, if man is not to be compelled to have recourse, as a last resort, to rebellion against tyranny and oppression, that human rights should be protected by the rule of law,*

Even the United States Constitution has a provision for resisting tyranny, yet it is easily circumvented by misdefining tyranny, misrepresenting the individuals resisting it, and using other updated legislative wording. Human rights seem to be, overall throughout history, trampled by rule of law instead of protected by it.

*Whereas it is essential to promote the development of friendly relations between nations,*

Much conflict and many wars stem from nationalism. Each nation has essentially become a business operating the unsustainable, existentially invalid economy that destroys resources, the environment, and quality of life for all.

*Whereas the peoples of the United Nations have in the Charter reaffirmed their faith in fundamental human rights, in the dignity and worth of the human person and in the equal rights of men and women and have determined to promote social progress and better standards of life in larger freedom,*

The United States co-opts any forms of progress to maintain its obscene authority.

*Whereas Member States have pledged themselves to achieve, in co-operation with the United Nations, the promotion of universal respect for and observance of human rights and fundamental freedoms, Whereas a common understanding of these rights and freedoms is of the greatest importance for the full realization of this pledge,*

*Now therefore*

now, therefore,

The General Assembly,

*Proclaims this Universal Declaration of Human Rights as a common standard of achievement for all peoples and all nations, to the end that every individual and every organ of society, keeping this Declaration constantly in mind, shall strive by teaching and education to promote respect for these rights and freedoms and by progressive measures, national and international, to secure their universal and effective recognition and observance, both among the peoples of Member States themselves and among the peoples of territories under their jurisdiction.*

#### **Article 1**

*All human beings are born free and equal in dignity and rights. They are endowed with reason and conscience and should act towards one another in a spirit of brotherhood.*

At least this parchment doesn't operate on the bogus premise that all humans are inherently evil and require suits & boots to dictate every aspect of their existence.

#### **Article 2**

*Everyone is entitled to all the rights and freedoms set forth in this Declaration, without distinction of any kind, such as race, colour, sex, language, religion, political or other opinion, national or social origin, property, birth or other status. Furthermore, no distinction shall be made on the basis of the political, jurisdictional or international status of the country or territory to which a person belongs, whether it be independent, trust, non-self-governing or under any other limitation of sovereignty.*

#### **Article 3**

*Everyone has the right to life, liberty and security of person.*

Until American attorneys give their boots permission.

#### **Article 4**

*No one shall be held in slavery or servitude; slavery and the slave trade shall be prohibited in all their forms.*

Until American attorneys give their boots permission with the 13th Amendment loophole.

#### **Article 5**

*No one shall be subjected to torture or to cruel, inhuman or degrading treatment or punishment.*

Until American attorneys give their boots permission & social protection.

## **Article 6**

*Everyone has the right to recognition everywhere as a person before the law.*

## **Article 7**

*All are equal before the law and are entitled without any discrimination to equal protection of the law. All are entitled to equal protection against any discrimination in violation of this Declaration and against any incitement to such discrimination.*

This underhandedly gives attorneys and their boots domination permission, subverting the purpose of the entire document. Also, we are not entitled to protection from the US violating the global parchment.

## **Article 8**

*Everyone has the right to an effective remedy by the competent national tribunals for acts violating the fundamental rights granted him by the constitution or by law.*

Again, this underhandedly gives attorneys and their boots domination permission, subverting the purpose of the entire document. You have to beg suits to save you from other suits when all suits depend on the system functioning as it does. Canceling employment does not solve human rights violations.

## **Article 9**

*No one shall be subjected to arbitrary arrest, detention or exile.*

Until American attorneys give their boots permission & social protection. The first notorious example that comes to mind Rivera vs CCA/CoreCivic. However, there are countless examples, in your own community.

## **Article 10**

*Everyone is entitled in full equality to a fair and public hearing by an independent and impartial tribunal, in the determination of his rights and obligations and of any criminal charge against him.*

Who determines who is impartial? Who, then, after being dubbed impartial, determines the arbitrary resulting outcome(excluding for the defendant as long as they are not the State) that usually results in arbitrary time/currency units. The currency units come from the taxed, cheap labor of their peers. This does not solve social injustices or human rights violations.

## **Article 11**

1. *Everyone charged with a penal offence has the right to be presumed innocent until proved guilty according to law in a public trial at which he has had all the guarantees necessary for his defence.*

If you live in the United States you know this to be false.

2. *No one shall be held guilty of any penal offence on account of any act or omission which did not constitute a penal offence, under national or international law, at the time when it was committed. Nor shall a heavier penalty be imposed than the one that was applicable at the time the penal offence was committed.*

## **Article 12**

*No one shall be subjected to arbitrary interference with his privacy, family, home or correspondence, nor to attacks upon his honour and reputation. Everyone has the right to the protection of the law against such interference or attacks.*

The State utilizes media smear campaigns against people that challenge it. The State charges people with crimes they didn't commit, with things that do not apply, etc. This has severe consequences for the individual yet it is permitted by law.

## **Article 13**

1. *Everyone has the right to freedom of movement and residence within the borders of each state.*
2. *Everyone has the right to leave any country, including his own, and to return to his country.*

Again, the nationalist premise. Also, you *cannot* go wherever you want unless you get permission from suits & boots.

## **Article 14**

1. *Everyone has the right to seek and to enjoy in other countries asylum from persecution.*
2. *This right may not be invoked in the case of prosecutions genuinely arising from non-political crimes or from acts contrary to the purposes and principles of the United Nations.*

Who determines what persecution is? Being that my charges stem from resisting oppressive policies, I could seek asylum. I don't because I want to fight these mindless, flag waving, parchment worshipping suits & boots. They love to dominate and control others while using results of the dehumanizing system they force on us, as 'justification' for maintaining their obscene authority. 

## Article 15

1. *Everyone has the right to a nationality.*
2. *No one shall be arbitrarily deprived of his nationality nor denied the right to change his nationality.*

Again, the primitive, juvenile, gang-gang, *us vs them* garbage. You cannot claim to push for human rights when pushing one of the major causes of war.

## Article 16

1. *Men and women of full age, without any limitation due to race, nationality or religion, have the right to marry and to found a family. They are entitled to equal rights as to marriage, during marriage and at its dissolution.*
2. *Marriage shall be entered into only with the free and full consent of the intending spouses.*
3. *The family is the natural and fundamental group unit of society and is entitled to protection by society and the State.*

In most authoritarian societies, including the United States, the familial unit is leveraged as a weapon by the State.

## Article 17

1. *Everyone has the right to own property alone as well as in association with others.*
2. *No one shall be arbitrarily deprived of his property.*

In the United States, only if you submit to exploited, taxed, cheap, manual labor leaving you little time to enjoy said property. Slaves and their baubles & trinkets. That keyword *arbitrarily*. Guess who determines what arbitrary is? Suits & boots.

## Article 18

*Everyone has the right to freedom of thought, conscience and religion; this right includes freedom to change his religion or belief, and freedom, either alone or in community with others and in public or private, to manifest his religion or belief in teaching, practice, worship and observance.*

This is bogus because I do not need a parchment to give me permission to think. Religion is a tool of the State. This essentially gives you permission to choose your own mental chains.

## Article 19

*Everyone has the right to freedom of opinion and expression; this right includes freedom to hold opinions without interference and to seek, receive and impart information and ideas through any media and regardless of frontiers.*

This is great, except the State and other corporations have a much louder voice than the individuals they trample and pretend to champion.

#### **Article 20**

- 1. Everyone has the right to freedom of peaceful assembly and association.*
- 2. No one may be compelled to belong to an association.*

Ultimatum labor is not voluntary employment.

#### **Article 21**

1. Everyone has the right to take part in the government of his country, directly or through freely chosen representatives.
2. Everyone has the right of equal access to public service in his country.
3. The will of the people shall be the basis of the authority of government; this will shall be expressed in periodic and genuine elections which shall be by universal and equal suffrage and shall be held by secret vote or by equivalent free voting procedures.

When other people choose your representatives this nullifies the entire Article. Also, permission to beg for a wealthy master is not really something I would call a right...I certainly would not call it a freedom.

#### **Article 22**

*Everyone, as a member of society, has the right to social security and is entitled to realization, through national effort and international co-operation and in accordance with the organization and resources of each State, of the economic, social and cultural rights indispensable for his dignity and the free development of his personality.*

Economic rights and cultural rights are not rights.

#### **Article 23**

- 1. Everyone has the right to work, to free choice of employment, to just and favourable conditions of work and to protection against unemployment.*
- 2. Everyone, without any discrimination, has the right to equal pay for equal work.*
- 3. Everyone who works has the right to just and favourable remuneration ensuring for himself and his family an existence worthy of human dignity, and supplemented, if necessary, by other means of social protection.*
- 4. Everyone has the right to form and to join trade unions for the protection of his interests.*

Again, ultimatum labor is not voluntary employment.

#### Article 24

*Everyone has the right to rest and leisure, including reasonable limitation of working hours and periodic holidays with pay.*

The slaves get to rest sometimes.

#### Article 25

*1. Everyone has the right to a standard of living adequate for the health and well-being of himself and of his family, including food, clothing, housing and medical care and necessary social services, and the right to security in the event of unemployment, sickness, disability, widowhood, old age or other lack of livelihood in circumstances beyond his control.*

*2. Motherhood and childhood are entitled to special care and assistance. All children, whether born in or out of wedlock, shall enjoy the same social protection.*

The problem with this is that the State determines what is the correct way to raise children.

#### Article 26

*1. Everyone has the right to education. Education shall be free, at least in the elementary and fundamental stages. Elementary education shall be compulsory. Technical and professional education shall be made generally available and higher education shall be equally accessible to all on the basis of merit.*

*2. Education shall be directed to the full development of the human personality and to the strengthening of respect for human rights and fundamental freedoms. It shall promote understanding, tolerance and friendship among all nations, racial or religious groups, and shall further the activities of the United Nations for the maintenance of peace.*

*3. Parents have a prior right to choose the kind of education that shall be given to their children.*

Public school are [nationalist indoctrination camps](#). Education is whatever the State says it is.

#### Article 27

*1. Everyone has the right freely to participate in the cultural life of the community, to enjoy the arts and to share in scientific advancement and its benefits.*

*2. Everyone has the right to the protection of the moral and material interests resulting from any scientific, literary or artistic production of which he is the author.*

Any art produced for the purposed of economic gain loses its integrity.

#### Article 28

*Everyone is entitled to a social and international order in which the rights and freedoms set forth in this Declaration can be fully realized.*

If this were the case, American police would not be out of control. People would not be suffering so severely, such a high suicide rate.

#### Article 29

- 1. Everyone has duties to the community in which alone the free and full development of his personality is possible.*
- 2. In the exercise of his rights and freedoms, everyone shall be subject only to such limitations as are determined by law solely for the purpose of securing due recognition and respect for the rights and freedoms of others and of meeting the just requirements of morality, public order and the general welfare in a democratic society.*
- 3. These rights and freedoms may in no case be exercised contrary to the purposes and principles of the United Nations.*

These duties are determined by the State through representatives chosen by others. Democracy is mob rule.

#### Article 30

*Nothing in this Declaration may be interpreted as implying for any State, group or person any right to engage in any activity or to perform any act aimed at the destruction of any of the rights and freedoms set forth herein.*

"We're not doing the thing we are actually doing and you aren't allowed to say so."
