Want To Exploit, Beat, & Kill People Without Legal Accountability? American Police Are “Hiring”...With Taxed & Extorted Wages, Of Course

👤 sixie6e 📅 September 17, 2023 ✎ Edit

Trouble processing mentally?

Are you afraid of everything in your environment?

Do you care only for property and YOUR family?

Can't fight physically?

THE POLICE ARE HIRING!!!

They accept all candidates that already worship zombies and suck bald eagle dick that have not been convicted of violating wealthy suit scribblings(unless you got fired from a department already, then like the priests that molest children they just shuffle them around to different parishes/-

precincts). They need mental invalids with only enough mental storage space for revgen, control-based, & arbitrary directives and the violence enforcing them.

By signing up for American police you get these benefits:

1. Your fear gets masked with a gun, a gang, a zombie, and a cloth of pride behind Native American genocide.
2. Your wealthy, leash-holding, suit wearing masters will clear you of any wrongdoing with whatever words they can manipulate & misinterpret.
3. You get the blind worship of others in your community that are as equally afraid and unable to process their environment. Others that also define their existence by property instead of quality of life for all.
4. You get special circle-jerk ceremonies where all your fellow Blue Stripe Bandits gather round for a spit and swallow session. It's all symbolism with no substance but at least you will get to feel like someone for dominating and subjugating your peers.
5. You get to twist their words to fuck with people you don't like.
6. You get your own special Bill of Rights.
7. You could possibly get a piece of biological artillery that you can claim you love as you send it to go die.
8. You get to steal from, beat up, and kill 'bad' guys. (Ignore the fact that 'bad' is subjective and to the State anyone that challenges its garbage/scribblings is 'bad').

If you are an atrocious human that does not value wildlife, the environment, quality of life, and you wave a flag/cross pretending you are virtuous(typical of most in society) – AMERICAN POLICE WANT YOU!!!
